WORK EXPERIENCE

Thing Down: Full Stack Developer Intern

September 2020 - February 2021

- Designed and constructed the user-interfaces for a Chrome extension product and its web application.
- Leveraged Amazon Web Services (AWS) to deploy the web application and manage a MySQL database.
- Built a user authentication flow persistent to both the web app and Chrome extension.

Andal Law Group: Legal Assistant

August 2018 - September 2019

- Provided IT support and solved technological problems encountered.
- Managed the law firm's calendar, and organized and prepared the team for any upcoming deadlines and events.
